

MAN Diesel

(Senior) Service Engineer **4-stroke engines**

Our Service Center MAN Diesel | **PrimeServ** - Benelux has vacant positions for (Senior) Service Engineers to work on our four-stroke diesel engines. We will focus on applicants with professional confidence and flair for working independently.

Assignments

- Provide technical service and troubleshooting for our engines on seagoing vessels.
- Sound knowledge of our large four stroke engines
- Give technical advice in form of follow-up to previously visited vessels as well as engine related support to our clients.
- Fluent spoken and written English skills are required, as well as being a strong team player.
- The position requires occasional travelling out of Benelux.
- Ability to travel at short notice.

Qualifications

- The successful applicant is a qualified marine engineer or B.Sc. engineer.
- At least 5 years of professional experience as a engineer.
- Sound knowledge of MAN four- stroke engines.
- Knowledge of electronic and pneumatic systems.
- Good computer and reporting skills.
- As senior service engineer the applicant has proven experience as a team leader.

We offer

- An exciting and challenging job in an international environment.
- Desirable terms of employment and salary according to qualifications.
- Personal growth

Location

Noorderlaan 181, 2030 Antwerp
Belgium
